The treasonable statement by the United States Secretary of States, Mike Pompeo on Tuesday November 10, 2020, at Ronald Reagan Centre for Freedom & Democracy, thus :

engineered by Lucifer himself without detection?

This great nation - the United States of America, has always epitomized the values of our Creator-God, and everything within the realm of decency.

America has remained the mother country of the world because God placed her in such position.

"We are going to have a smooth transition into second Trump's Administration", scares some sense of fear into me, and raises a question that begs an urgent answer.

Donald Trump under the support of some of his administration officials - Pompoe, the Attorney General Barr, and some GOP officials, appears to represent the antithetical of all what America stands for, and has been standing for over the centuries. And I hasten to ask, is Donald Trump a severest mistake made by American elites in 2016

No one who has the fear of God, and who stands in that tradition of the founding fathers of America would dare attempt to place himself above the norms and culture of American system that have worked well over the centuries.

That Donald Trump is inherently arrogant and customarily unteachable is understandable. That his egostic eccentricity and penchant for self-ego personality is undeniable. Of course,

some times, eccentricity could be regarded as instrument for stress relief.

But that elitist Americans within the octopus of GOPs now behave like African potentates' sycophants - latently and patently acting out of character, either by action or inaction, which heightens Trump's arrogant resolve against American democratic values, political ideas, and governance tradition, is making me afraid, and pause to think if the world is ending sooner than one can imagine or if Lucifer did took over the White House undetected .

Let Trump encouragers know that from the days of the founding fathers of America until the future, as it should be, the disposition of American system is always bigger than every individual personality and partisan interest, also with her knowledge system being grandeur, is what has kept America the greatest and strongest country of the world.

Let them know that Trump is feeding his own ego and self-satisfaction vibration, and doesn't give a dam about the effect of his actions on America and Americans , nor the good of the world . Just like African potentates, he only cares

about losing his power and will do almost anything to keep it. And that are not only alien to American tradition, but are a dangerous path to destruction of American value system .

America governance has always be for the good of the nation, his people and the world, not for an individual ego and self-exaltation.

Let them know that Trump is undermining the basis of democracy and global leadership of America which God bestowed on her. Every American president has being a decent human being, and has always maintained some class because American leadership is not self-infused but people's oriented and patriotism.

Let them know that Trump in power now is acting like toddler trapped in an adult body , whom no one should expect any sort of decency from him.

Let them know that Trump doesn't care about America or people living in American soil. Rather, he is a egotistical narcissist who only cares about himself and his own success and how he is being viewed, honoured and worshiped. He lives in the sense of self-glorification, self-satisfaction, pride and ego. These

are Lucifer's traits - the vibrations which pushed Lucifer away from the celestial plane of light, an abode the religionists call "heaven".

The fact that people with pseudo-logic, pseudo-justifications and nitwit reasoning still believe in Trump and want him to destroy America, and want to watch the world being destroyed by delegitimizing an election already concluded though not closed, by delegitimizing American governance, is not only astonishing but crazy and delusional.

If America fails, who else will protect the right of vulnerable persons, the poor societies and minorities from possessed despots across the world? America has always stood for humanity and the tenet of human rights. Who else can defend these values if America fails?

Let them recollect that in 2016 we never heard unabated lamentations and acrimonies of Hillary Clinton. That was election well known to have cyber interference of foreign elements - both alleged and most likely provable hacking of electoral college system after Hilary won the popular votes of Americans upto 3 million margins gap against Trump, but Trump magically

clogged 304 electoral votes. Hilary conceded. But today, in undermining American election integrity and throwing American image into public ridicule and odium among the comity of nations, causing American enemies to mock America and mock God, only Trump's own votes are valid votes but Biden's votes are invalid and fraudulent.

Let them know that Trump lives in his own world. The reality of 279 win vote out of 538 electoral college votes mean nothing to Trump. In 2016, Hilary Clinton had weightier evidence to pursue a course that could have caused instability, but like typical American patriotic and citizenry spirit which only cares about the nation's tradition, values and global leadership, she congratulated Trump.

In Trump's assertions, God is always on his side and against the rest!. He is always correct, and the rest are wrong. Aren't these the traits of Lucifer personality, rising to destroy the mother country of the world?

And finally, let Trump encouragers know and read again the law which states, thus:- 18 U.S. Code § 2384. Seditious conspiracy

U.S. Code

"If two or more persons in any State or Territory, or in any place subject to the jurisdiction of the United States, conspire to overthrow, put down, or to destroy by force the Government of the United States, or to levy war against them, or to oppose by force the authority thereof, or by force to prevent, hinder, or delay the execution of any law of the United States, or by force to seize, take, or possess any property of the United States contrary to the authority thereof, they shall each be fined under this title or imprisoned not more than twenty years, or both".

(June 25, 1948, ch. 645, 62 Stat. 808; July 24, 1956, ch. 678, § 1, 70 Stat. 623; Pub. L. 103-322, title XXXIII, § 330016(1)(N), Sept. 13, 1994, 108 Stat. 2148.).

Did Lucifer enter the White House undetected?

Whatever the case maybe, let the Will of God be done. God bless America in this trying and dangerous time.
